**Fran Jeffers** - I can't say enough about Fran, if you want a knowledgeable professional who will be a true partner from beginning to end then look no further than Fran. I first met Fran when she sold my father's home in Milton. It was a difficult time for him, and she was patient, kind and most of all she got the property sold for top dollar! A couple years later, I reached out to her again and she helped me sell my home and buy another. Working with Fran was wonderful! She constantly kept us in the loop, researched schools, made phone calls on our behalf and was always available when we needed her! She truly treated my family like her family. I can't enough, this lady will work hard for you and she delivers!!

**Kathy McDevitt** – Kathy was wonderful to work with. I highly recommend Kathy for anybody looking to sell or buy in Milton. We were looking for somebody who knew the Milton market inside and out, and she more than delivered her knowledge of the market as well as an understanding of what we needed. She was always a call away and truly went above and beyond in every aspect of our sale. We can't thank her enough for delivering us our new home." C. & B Henrick

**Maureen Berry** Maureen is an outstanding agent! She took every opportunity to alleviate stress for us and went so far above our expectation that we were, at times, astonished. Maureen was on the ball and working to make our complicated sale/purchase go smoothly. We will be recommending her, and your company, to any of ur friends who are looking for a real estate agent in the future.

**Peter Kelly** Peter Kelly was "Tops", very knowledgeable, very courteous and professional in all ways. I was very happy with Peter!!!!

**Kevin Grogan** Kevin was amazing! He helped me through the whole selling process of my home. He was such a great help with cleaning my house out. I greatly appreciated all the phone calls to keep me updated right until the final day of closing! I would highly recommend Kevin to anyone looking to sell or buy a new home!

**Tom Mullen** Tom had to go the extra mile for me since I was not local. He arranged for electrical, plumbing, painting, along with ensuring the walkway was free of snow/ice. I would HIGHLY recommend to family and friends.

**Fran Jeffers** Fran is a wonderful agent to work with. She is incredibly responsive and helpful. We went through a long selling process and a complicated buying process. Fran was helpful, resourceful and patient. She dealt with some difficult people on the other end of our transaction and I don't know what we would have done without her. Fran knows everything about Milton. We ended up buying in Braintree and she was helpful there as well even though a couple of brokers seem to have the market cornered in our new neighborhood.

**Maureen Berry** "The sale of our former home would not have taken place without the diligence and hard work of **Maureen Berry**. Maureen worked tirelessly to complete this transaction. In retrospect finding a buyer was the easy part. It was all the steps between finding a buyer and closing the transaction where Maureen may have worked the hardest. Maureen was with us every step of the way through the process. Nothing was too much trouble. Throughout the process (and my own occasional bouts of crankiness) she never lost her sense of humor or sense of professionalism. We would not have been ready to close without her valuable assistance. In this difficult residential market, I applaud you and Maureen for delivering such a superior level of service."

**Kathy McDevitt** Kathy is my personal hero. We went from know-nothing hopefuls to first-time homeowners in under six months, and this is primarily due to Kathy's expertise. On our very first phone call, she asked about our price range, family structure, lifestyle, etc. and immediately recommended the town we are now living in, Whitman. We didn't even consider it at the time and continued to look elsewhere. Ultimately, she earned an "I told you so" because we're now living in the town she initially recommended and we're so happy. There is a lot to love about Kathy, but the most important quality for me is her honesty and forthrightness. I hate, hate, HATE when people BS me, so Kathy's penchant for giving me the real scoop (even if it didn't necessarily benefit her) made me want to sing from the heavens! Since I can't do that, I'll settle for giving her this well-deserved positive review. Do yourself a favor and call Kathy McDevitt!

**Fran Jeffers-** Francine Jeffers is an exceptional real estate broker. She thoroughly explained and personally guided us through every step of our home sale including preparation and staging, marketing package execution, showings to potential buyers, final walk-throughs and actual closing. She was always responsive to all our questions and supported our decisions. We relied on her outstanding knowledge and good judgment. Our closing was particularly prolonged and problematic. Francine always kept us informed with frequent phone calls and emails on a daily basis. Whether she was out of state on business or tending to other clients we always felt she was within reach. She never once left us unsupported during this complicated and emotional process. We interviewed a number of real estate agents before we chose Fran. We selected her because we felt she valued us clients and she had a superior expertise in marketing a unique Milton property. We could not have made a better decision and we feel grateful to have had her as our real estate professional.
